19th September 2018

Dear Parents,

In the Newsletter, I mentioned that I would be writing this week about suggestions to reduce congestion outside the school at drop off and pick up times. I know some parents have been working together and sharing lifts. This is so helpful for the situation and also the environment. Obviously we do need to keep the space directly in front of school clear for school buses but once they have gone, after 8.40am, there is space directly outside the school gate where cars can pull up and drop off. For those of you with younger pupils, who understandably like to bring them onto the playground, please park a little further along the Green in order to leave space closer to the school particularly for parents of older pupils who want to just drop off. A member of staff is out on duty from 8.35am so can supervise children from this point.

We have had incidences reported to us by members of the public of difficulty in passing. Please leave your parking area as soon as possible to free up the space. I have also noticed that some parents are continuing to turn in the driveway just past the Church and also in the farm opposite. Please do not use these points to turn in the road but drive slightly further up the Village to the more substantial tarmacked area at the other end of the Green. Please also note that the area outside the School House is marked "No Parking" as this is at a particularly narrow part of the road, so by honouring this no parking request, this also helps to reduce congestion.

We are constantly working to improve the roads outside the school. Following on from my meeting with Councillor Duncan, and more recently with Kevin Hollinrake MP, I am confident that that the barrier will soon be in place outside the school gate and the 30mph speed limit enforced.

As always, if you have any further suggestions, please do not hesitate to contact me. Many thanks for your co-operation.

Kind regards,

Rachel Ray
